

Amparo

Verse 1

I walk present like the ground knows my story
back bend for the worlds that I carry
sweat on my skin been years in the shaping
echoes of silence their prayers vibrating

channeling their breath in this melody
a chorus of spirits who sing through me steadily
see truth unfolding in every step a rythm
a kind of becoming

one name lost two crossed seas
three tongues weaving a living legacy
what I sing is more than sound
it's the past still pulsing beneath the ground

Bridge Brass

ja ja ja
ja ja ja
eh eh

Chorus

so I plant my seed
lost in rhythm truth appears
said I learn to breathe
till the morning comes
brave heart lead on

Verse 2

naci en movimiento sin fin ni llegada
mi sangre un rio, mi pulso una llamada
un junto de todos amores pasados
und eco de miles y tantos abrazos
memorias que arden en cada pulsación
caminan hasta los bordes de mi imaginación
que rebellion la evolucion

siento su esperanza en cada poesia
me cantan bajito con fuerza y alegria
dicen viva, sigue
que esta voz es herencia sagrada
y este cuerpo
homenaje a lo logrado
a todo lo logrado ja

Bridge Brass

ja ja ja
ja ja ja
eh eh

Chorus x4

so I plant my seed
lost in rhythm truth appears
said I learn to breathe
till the morning comes
brave heart lead on

said in this life my love is free
now I know oh lost in the rythm truth appears
