

Echoes of Hope

Intro

Verse 1

yeah it's vibing feel the heat,
feel the pulse hear the rhythm speak,
boundless flow where spirits greet,
every move a hidden secret keep,

from the rooftop to the ground,
hear that echo loves profound,
let truth reverberate all around,
in every step of the dance the whispers rebound

Chorus

I feel that vibe in the air,
I feel that vibe everywhere,
I feel that vibe cause I care,
I feel that vibe everywhere,

Verse 2

got that rhythm feel the beat,
moving bodies tell of defeat,
sound of soul lingers to meet,
in this groove a kindred feel complete,

mmmhh the mood drop, let it bounce,
baseline pumping through the crowd,
bouncing shapes my daily vow,
serene I give into the sound,

Chorus x2

I feel that vibe in the air,
I feel that vibe everywhere,
I feel that vibe cause I care,
I feel that vibe everywhere,
